

## **Workshop: biomethane in the natural gas network**

**Brussels, 1000 Avenue de Cortenbergh 100.**

**Date: 5<sup>th</sup> April 2017 10:00 – 17:00**

### **Agenda:**

1. Greetings and overview of biomethane in the European gas grid  
*Boyana Achevski (Secretary General, GIE) - confirmed*
2. Greetings and overview of biomethane production routes  
*Jan Stambasky (President, EBA) – confirmed*
3. Renewable gases in the Commission proposal for the future Renewable Energy policy  
*Bernd K pker (EC DG ENER) – confirmed*
4. ERGaR: Tool for cross border transfer and mass balancing biomethane within the European natural gas network  
*Jeppe Bjerg (President, ERGaR) - confirmed*
5. ERGaR: cross-border transfer of environmental characteristics of biomethane  
*Attila Kovacs (Secretary General, ERGaR) - confirmed*
6. The ERGaR organisation  
*Martina Conton (Assistant Secretary General, ERGaR) - confirmed*
7. The importance of Europe-wide distribution of biomethane for further expansion in LNG/CNG supplies  
*Andrea Gerini (Secretary General, NGVA) - confirmed*
8. The Green Gas Initiative: present status and future prospects  
*Speaker from Fluxys - requested*
9. Experience from cross border biomethane trade  
*Mikkel Kynde (Portfolio Manager, NGF NE) – confirmed*
10. CertifHy – Developing a European guarantee of origin scheme for green hydrogen  
*Wouter Vanhoudt (Inicio) – confirmed*
11. European biomethane standards for grid injection and vehicle fuel use  
*Arthur Wellinger (Senior Adviser, EBA) - confirmed*
